

# HOW TO BLESS YOUR CARDS

---

When you get a new deck:

1. Yay! New deck! Open it.
2. Cleanse the cards (and the box) by knocking on them twice. You can also use smoke, sound, or visualization.
3. Greet your cards. With the images facing you, touch each card.
4. Hold them up to your heart and say a blessing.
5. Shuffle your cards thoroughly.
6. Ready for readings!

## NEW CARD BLESSING:

Dear Archangels, Guardian Angels, Ascended Masters, and Ancestors, please bless and protect these cards.

Please let the readings I do with these cards be of purpose, of value, and of meaning. Let me be a channel for the highest good. So that I may see, hear, feel, speak, and know with divine clarity, truth, love, and wisdom.

And so it is.

# HOW TO DO A READING

---

## Know-How-Shift Spread

@CarmenMargazi

1. What's going on right now
2. How to make a change
3. The outcome if you do this

## ABOVE ALL TRUST YOUR INTUITION

1. Clear the energy between readings by knocking on the cards twice. Visualize all negativity and ickiness leaving the cards and being transmuted into white light.

2. Start formulating your question and decide what kind of pull you're going to do (1 card, 3 card, etc.). Be specific in your question but also open ended and positive.

"What do I most need to know about X"

3. Say a simple intention, "Thank you for divine guidance. For clarity and truth for the highest good of all"

4. Shuffle your cards as you hold your question in your mind.

5. Choose your cards and place them in front of you. Either choose from the top of the deck, or spread them out and choose intuitively.

6. Interpret the cards. Look at them individually and holistically. Notice what symbols and messages you feel. Read the booklet for further clarification.

## Know Yourself Card Spread

1. Who you've been (past)
2. Who you are (present)
3. Where you betray yourself most (card will show what you haven't been doing)
4. How to overcome the betrayal
5. Who you are meant to be
6. What's to come when you embody Card 5
